

Be Strong in the Lord

Scripture

Be strong in the Lord and in his great power. *Ephesians 6:10 (ICB)*

Devotional

The Bible says that God is strong. Does that mean God has big muscles? No. God does not have muscles like our bodies have. He is strong in Spirit which means that He does not even need muscles.

God is strong, and He makes us strong if we read His Word, the Bible, and pray to Him.

Prayer

Dear God,
We know You are wonderfully strong. Thank You for protecting and caring for us.
Thank You for teaching us in the Bible how to be strong. Amen.
